Councillor Terry Wheeler
Waltham Forest Town Hall
Forest Road
Walthamstow
London
E17 4JF

19 February 2007

Dear Councillor Wheeler,

RE proposed relocation of Willowfield Secondary School

It's been a while since we were in touch, so I thought I would write to see how things are getting on.

We hear all sorts about new planning guidelines, reopened investigations into alternative sites for the school, new environmental impact studies and so forth. Perhaps you could tell us how things stand *vis-à-vis* (1) the proposed relocation of Willowfield School, and (2) the proposed development of housing on land adjacent to the Douglas Eyre Playing Fields.

Please let us know what the likely impact of recent developments on planning applications will be (and any dates), and whether there has been any substantial alteration in the Council's plans. Please also let us know what you can of the position of the Council's negotiations with other agencies, such as English Partnerships, Circle 33 and London Playing Fields.

Meanwhile, I hope you are well.

Respectfully yours,

Michael Leigh
